History of the man-made fiber industry	9–12
Man-made fiber trends 2015	13–17
Fiber and textile trade journals	19
Dictionary man-made fiber terms A – Z	21–241
Fiber properties (in tables)	243–252
Translation of technical terms	253–259
(English, French, German, Italian)	
Annex	
Man-made fiber production statistics	260
World production of cotton, wool and man-made fibers	261
World production of man-made fibers (diagrams)	264
Detailed production of synthetics	266
World production of synthetics (yarn and staple)	267
Conversion table: den – dtex – Nm	269–271
Conversion monofilaments	272
The International Units System (SI) in textiles	273–274
Polymers and synthetic fibers	275
Characteristic values of polymers for spinning	275
Characteristic values for the molecular weight of synthetic fibers	275
Approximate values for melt viscosity	276
Relations between viscosity values	276
Spinning of synthetic yarns	277
Texturizing	279
Textile testing	279
